*MAGIC SHADEDEH
(JOHRDAN EL JAMAAL X ALIUSKA MADANI)

I started shooting photos when I was 12 years old with my father who was also a photographer of horses, and I have kept using his nickname "Tupa". Despite working with several horse races, my true passion is the Arabian horse, since they have an unique "plastic", they look like real living sculptures.

Fortunately, Brazil, my home country, is just an excellent backdrop for photos, besides the beautiful landscapes and wonderful horse farms, it has also one of the best creations of the Arabian horse in the world.

For me, taking pictures of these animals is a combination of pleasure and work!
