Welcome to Al Ghezlan Stud, the new internationally upraising operation that brings the best pure bred Arabian horses straight from the heart of the desert – Saudi Arabia.

Established in 2002 by Hussain Al Saqr and Hussain Al Musalim at Al Ahsa Equestrian Club territory, Al Ghezlan Stud made its first steps onto the sands with three exceptional mares: Ebtisam (by Shahid), 23 years old brood matron nowadays, AF Ishtihar (by Khapren) – combining Egyptian blood with Polish and French that supports one of the stud's goals: to breed brave horses for Arabian racing while the show program was started by Yasmin Al Zobair by Ali Barba (son of Ruminaja Ali and grandson of the great Alidaar).

Nowadays the broodmares band of Al Ghezlan counts such

beauties as the royally bred dapple grey Tibr Al Naif (Ansata Nile Echo x Shahlika/Ansata Halim Shah), MC Khalila (Ansata Shah Zahir x SRA Fatiha/Ansata Abu Sudan) or 2006 US Egyptian Event Gold Champion - Al Ilah Ghaaliyah (Emiratus B x Bint Galia/El Thay Ibn Halim Shah) and Asrar Al Nasser by the great champion maker Ansata Hejazi.

From its first days Al Ghezlan Stud was to support the local breeders with the opportunity to use well bred pure bred stallions. And so the first one imported from Qatar was Mubarak Al Shaqab by Imperial Pharouk out of Agayeb by El Helaly – the 6 times Nazeer bred mare! Mubarak unfortunately passed away in 2008 but hopefully one year before the stud was joined by its future star and flag stallion – Straight Egyptian Nader Al Aliaa, bred by Al Aliaa Stud in Qatar. This son of the „King of Trot” - Ansata Nile Echo and

one of the best broodmares on the Middle East – *Jawaher Al Sharq* (by *Safir*), purchased in the age of 8 months from Qatar soon reigned an appreciation of Saudi Arabian breeders. Nowadays he holds a trophy of Unanimous Leading Sire of Al Ahsa Region, Kingdom of Saudi Arabia! Gifted with type and showy attitudes coming from his great pedigree, *Nader Al Aliaa* became a popular sire of show offsprings in Saudi Arabia. The features he used to consistently pass to his foals are ciselled heads with beautiful upwards necks and long heads all together with dazzling movements of the father and grandfather.

Wonderful examples of his offsprings are nowadays making their first steps into national and international level shows in the Middle East, just to mention a beautiful grey show filly *Ahsa Reem* out of Pure Polish mare *Mathab* by *Dart DK* out of *Mahwa*, or exotic *Labwah Al Ghezlan* (out of *Ebtisam*) and *Naurah Al Ghezlan* (out of *Yasmin Al Zobair*).

Those horses will be strong support to *Al Ghezlan Stud Straight Egyptian* and pure bred sections that are supervised since 2008 by the stud manager – *Dr. Ayman Taher (DVM)*.

While the first *Nader Al Aliaa* foals are getting older being prepared for their show competitions in the Middle East their *Straight Egyptian* sire will start his tour around the world! In 2012 the new French show and endurance breeding operation *Titanium Arabians*, in cooperation with *ArabHorsePromotion.com* made a tempting offer to *Al Ghezlan Stud* to let *Nader* go into the European continent. In consequence, France - the country creating the world's fashion will welcome *Nader Al Aliaa* for 2013 breeding season! Don't miss the opportunity to see him at the top 2013 shows in France and use his limited number of breedings distributed all over Europe by *Titanium Arabians*! This can be the only chance as *Nader* will come back to his home in the Middle East soon after the breeding season in over...

For those willing to experience the hospitality of *Al Ghezlan Stud*, visit *Nader Al Aliaa's* home with its popular *Al Ahsa Show Training Center* and lovely broodmares band during the 2013 Middle Eastern shows season or throughout the year we kindly encourage you to contact *Al Ghezlan Stud*!
