## Stud

by Giorgia Mauri ■ photos by Stuart Vesty

**S**traight Egyptian Arabian breeding is an exciting and absorbing challenge. Just occasionally a breeder, through dedication and great luck can happen upon a 'marriage made in heaven. Simeon stud is currently experiencing this amazing good luck in the breeding of the tall, strong, gorgeous black mare Simeon Shatkin and combined with the most exquisite six year old stallion that many have ever seen, Simeon Shifran producing four fillies and a colt of exceptional quality, two of which are black. Simeon Shatkin, through her dam Simeon Simona who was a superb moving Asfour daughter and her grandam Australian Champion Mare 27 Ibn Galal V from Hungary. From them, she has inherited a gorgeous face, perfect legs and feet and smooth body. Simeon Shatkin is by our legendary 27 year-old (according to Michael Byatt who aged him one year older recently!) stallion Anaza Bay Shabb, who is a grandson of

Deena [Egypt]. Anaza Bay Shabb is also the grand sire of Simeon Shifran.

Simeon Shifran is to date the best male bred in 57 years at Simeon. He is the legacy of the illustrious Asfour, and his dam is the bay Simeon Shavit, from matriarch Simeon Safamad who has winning progeny throughout the world and has instigated many successful breeding programs. The second amazing success at Simeon is the importation from Germany of the 19 year-old stallion Mulayh Ibn Maareesa, and his daughter CM Moussameh and two half sisters by Montasar. Mulayh incorporates up close bloodlines of Hadban Enzahi, Bukra, Ghazal and Maymoonah. These horses helped to make Asfour and Australian Champion n Imperial Madaar such successful sires during their lifetime. Mulayh's progeny from Simeon mares are a delight, having his huge black eyes and clean, lengthy neck plus excellent conformation.

The stallions at Simeon are not available at public stud.

The future at simeon stud is truly exciting! □
