Mata Hari HY with Simone Leo

***I**t was winter in Brazil when Simone Leo saw a grey mare in the fields of Zico Stud in Braganca Paulista, Brazil. A nice young mare, not too big but with beautiful dark eyes. He learned her name was Mata Hari HY. She was a daughter of the legendary Lumiar Amadeus. A son of Dark Victory and out of the beautiful CA Sabrina. The dam of Mata Hari was the mare Kursk HG by Exceladdinn and out of HF Joia Victor, a classical Brazilian pedigree. At that time, Simone was organizing a transport to Europe and he needed one more mare to fill up the container. Now, many years later, this mare proved to be the best of that cargo!*

Mata Hari arrived to Italy in foal to Lethyf el Jamaal. A beautiful grey filly was born named Letifa SL. She was later sold to Iran. Her second foal was a colt sired by Ajman Moniscione. Another grey named Alim di Mar. This foal was sold to Fontanella Arabians in Italy. The third foal of Mata Hari was again a beautiful grey filly named Aisha TM sired by SDP Taylor who now is a wonderful broodmare to Tina Martucci from Italy.

In 2011 was born a gorgeous colt named Don Luciano SL. Sired by Psyasic, this colt got more beautiful by the day. Already at one month of age he was named Silver Champion Futurity at the show in Travagliato, Italy and also won the Best Head Trophy. Later that year in Salerno, he was Gold

Champion Futurity and Best in show! His show career continued with his success elsewhere in Europe. In 2012 he was named Gold Champion at the International B-show in Vilhemsborg, Denmark, was again Gold Champion at the international show in Sint Oedenrode, The Netherlands.

MATA HARI HY

Continued his strong position at the A-show Elran Cup in Belgium, where he was named 2nd in the class and overall top five! At the prestigious All Nations Cup in Aachen, he claimed the 3rd prize! In 2013 Don Luciano participated at only one show, the International show in Wels, where he took the Bronze medal. Many saw this beautiful stallion with his ultra exotic head, his phenomenal type and presence. This year Don Luciano started breeding and his first 15 mares are checked in foal!

But this was just the beginning of Mata Hari's breeding career! The next foal was again a grey colt. This time sired by Hassan Ashiraf. He was named Don Angelo SL. Like his brother before him, also Don Angelo won the Gold medal at the futurity class. This time in Zottegem and was also named Overall reserve champion colt. He is now sold to Joarah Arabians from Belgium.

In 2013, Mata Hari was leased out to Arabian Stud Europe. The studfarm of Talitha Bakker in The Netherlands where Mata Hari has her home since 2011. This time Mata Hari gave a beautiful grey filly sired by reigning world champion Fadi al Shaqab. This filly, ASE Sayuri, was also shown at the futurity classes in Zottegem, Belgium and took the Silver medal. Later in the overall championships, she was called reserve. This year, ASE Sayuri will return to the showring to step in the footsteps of her big brother.

This year, Mata Hari produced again a beautiful filly. Very extreme in the face with long legs and a gorgeous expression. This filly was named Leonia SL and is sired by Psytadel. This filly will also be shown this season and the expectations are high!

Mata Hari is a mare you see once in a lifetime. You won't notice her at first as she is a quiet mare who prefers to stay out into spotlight. But once she is turned on, she transforms herself as a moving machine. Proud, showy, snorting and blowing. A true daughter of Lumiar Amadeus and a fantastic mother to her foals. For 2015, Mata Hari is in foal to Psytadel again and we expect only the best! □
