**F**or another following year Dubai Arabian Horse Stud will give all those that decide to attend Dubai International Horse Show the rare opportunity to enter the gates of one of world's most successful Straight Egyptian and pure bred horse farms.

Although established just a few years ago Dubai Arabian Horse Stud, managed by Mr Mohammed Abdulla Al Tawhidi and Abdel Aziz Al Marazeeq became one of the leaders in the show rings around the globe in very spectacular and quite short time reaching several titles at the shows of all categories in every corner of the world including World Championships, All Nations Cup Championships, Egyptian Event champions, the titles in Europe, US and Middle East.

Only in 2010 the famous Dubai Stud representatives gained the titles of: three reserve champions at Ajman Horse Show (Masuna, FT Shaella, D Maraksh), gold and bronze champions in Abu Dhabi (MA Shadow El Sher and Jumilla), Unanimous Championships for FT Shaella and two reserve for Ladi Veronika and D Maraksh at Dubai Internationals, silver (FT Shaella) and bronze (Ladi Veronika) medals at A category show in Menton, three champions – MA Shadow El Sher, Col Cora and D Deemah at 1st Prague Intercup in Czech Republic, and last but not least at the most important European shows of the year – FT Shaella – All Nations Cup champion mare & Ladi Veronika – bronze and MA Shadow El Sher – European Champion Stallion. The 2010 year ended up in the great style with World Championship for FT Shaella and bronze medal for Ladi Veronika in Paris while at UAE Nationals D Crystal Moon and Marabella KD became silvers. Although just began the 2011 season seem to be not less lucky for Dubai Stud horses with Abu Dhabi Internationals bronze medal won by Ladi Veronika while closing this issue of Tutto Arabi.

*The list of the champions – past and present is breath taking and always gathering a lot of friends and fans making Mohammed and Abdel Aziz well known and always appreciated “famous faces” around the world. Moreover, Dubai Stud is putting its brick in the wall of developing the industry being strong supporter of Arabian horse shows all around the world as well as sponsoring important publications and horse related activities. So this was not a surprise that last year when the decision was made to run the Open Day following Dubai International Show the number of guests gathered to enjoy the horse parade and excellent catering at the farm location exceeded 120. It's always a great opportunity for the visitors to get a closer look to world known champions and their offspring and for the hosts – to gather the friends for having the inspiring meeting, so Dubai Horse Stud willing to follow this nice tradition open its gates again for everybody in March 2011.*

**B**esides the famous show participants it will be the rare and very first opportunity to have a look into Dubai Studs new location! Situated 17 km from Bab Al Shams hotel & resort on Al Qudra road in Marmoom, just 30 min drive from both Dubai Airport and the city center, the new farm contains over 50 paddocks, 2 walking rings and treadmills, equine swimming pool, veterinary laboratory, breeding clinic and own pharmacy. After some time of careful preparations Dubai Stud has also started its own embryo transfer program at the place and soon it will be open to the commercial customers as well. All those interested in the Studs breeding idea will surely be happy to know that Dubai Stud is going to open the books of some of its most important stallions like MA Shadow El Sher again.

This and other attractions and surprises will be included into the program of 2011 Dubai Stud Open Day in the new location, to be held on 20th March next following day after Dubai Arabian Horse Show. Everyone is invited!
